

# *Vision and Mission Statements*

---

## **Vision Statement**

The Software Review Committee is committed to empowering students, educators, and parents in making software purchases that facilitate learning through collaboration, problem solving, decision-making, and simulation.

## **Mission Statement**

The Software Review Committee, composed of representatives from various Departments of the San Antonio Independent School District, combined efforts to provide guidance and support for the SAISD learning community in the selection of software for educational enhancement. ***The purpose of this committee is to develop selection guidelines for software purchases to aid campuses in determining the types of educational software that can most benefit each student and each campus' individualized needs.***
